OL. IX. NO. 107.

SANTA ANA, CALIFORNIA, SATURDAY EVENING, APRIL 4, 1914.

50 CENTS PER MONTH

THEY SUE BIRCH FOR A MILLION DOLLARS

SAY HE HELD BACK TRUTH OF BIG WELL GOT STOCK BY FRAUD

Aided in Developing Menges Oil Co.
Property, Allege They Sold Stock
Under Misrepresentation

Charging that they were defrauded out of their interest in the greatest oil well on earth, nine residents of Santa Ana and Orange today brought suit against A. Otis Birch, prominent oil operator and capitalist. Damages aggregating over 1,000,000 are asked by plaintiffs as follows: J. R. Porter, Orange, \$465,562.50; Della F. Bishop, Orange, \$240,000; J. W. Lee, Santa Ana, \$48,000; N. T. Edwards, Orange, \$60,000; L. Ainsworth, Orange, \$84,000; Samuel P. Matthews, Santa Ana, \$60,000; Mary P. Matthews, Santa Ana, \$97,000; W. B. Tedford, Santa Ana, \$72,000; J. D. Thomas, Santa Ana, \$31,200; total, \$1,157,400.

The complaint alleges that Birch and M. M. Good, superintendent, knew that the great strike had been made and that they concealed the fact from minority stockholders, while Birch entreated them to part with their stock for \$2 a share. Immediately after getting the stock, the news that the well producing \$3750 per day had been struck was published, and the stock was immediately worth \$50 a share.

Nine complaints were filed with the county clerk this morning. Each complaint tells the same story. Good is also a defendant.

The story of the wonderful Birch oil well is known to everybody who knows anything of the oil development in Orange county.

Dr. Menges organized the Menges Oil Co. of local capital, and twenty acres of land were secured in Brea Canyon. Menges afterward sold his stock. Q. R. Smith, brother-in-law of Birch, was killed on the property by a rock falling over him. In 1911 Birch and the Smith heirs had a majority of the stock.

\$1,000,000 a Year
In the spring of 1911 all of the minority stockholders sold their stock, which Birch acquired. The complaints declare that unknown to the minority, he well that now produces close to \$1,000,000 yearly had already been struck, but that the news of it was withheld from them by Birch and the other employees of the company.

According to the complaints, immediately after the fact that the well was there became known, the minority stockholders suspected that unfair means had been used to get their stock. It has been learned that within recent months the minority stockholders have secured evidence that caused them to decide to proceed to make a vigorous fight for damages.

After the Menges Oil Co. well came in, Birch changed the name of the company to the Birch Oil Co. Most of the time since he became wealthy through the well, Birch has lived in Los Angeles. Recently he built a residence at Brea.

The amount of damages asked in each case is based upon the value of the stock. Before the big well came in the stock was worth about \$2 a share. Many assessments had been paid before the company secured the four minor wells that brought income. The big well was known as No. 5. It is alleged that the stock amount of damages asked in each case is based upon the amount of stock held by the plaintiff.

Strong Legal Array
All of the plaintiffs in the cases filed today, while bringing separate actions, are in reality working together. In each case the same attorneys appear for the plaintiff. Those attorneys are Williams & Rutan, H. C. Head and Clyde Bishop of Santa Ana and Tripp, Chapman & Bibb of Los Angeles.

This morning the complaints in which J. W. Lee and Mrs. A. D. Bishop are plaintiffs were filed by Attorney Clyde Bishop; in which S. P. Matthews, Mary Matthews, F. L. Ainsworth, N. T. Edwards and J. D. Thomas are plaintiffs, by Attorney Williams & Rutan; in which J. R. Porter and W. B. Tedford are plaintiffs, by Attorney H. C. Head.

The Complaint
In brief, the complaint in the case of N. T. Edwards, which is like the others in all points except the number of shares and the amount of damages asked, follows:
During 1910 and up to Aug. 19, 1911, the Menges Oil Co. was a corporation with 50,000 shares of capital stock outstanding. Edwards was owner of 1250 shares. Birch was president, general business manager and a director of the corporation. He employed as superintendent M. M. Good, over whom he had full control to discharge. Birch and Good were "actually receiving salaries and compensation for their services."

The Menges Oil Co. owned twenty

UNCLE SAM PLANS TO SAVE BIG WASTE IN COUNTRY'S EGGS

WASHINGTON, April 4.—Two hundred million dollars' worth of eggs wasted every year! This is the startling estimate of the Department of Agriculture today after a careful investigation of this phase of the high cost of living. Of this vast amount, fifty million is attributed to needless breakage in transit, and the remainder to bad handling which causes rotting, spoiling and deterioration. Two hundred million dollars' worth of eggs practically thrown away a year—or else fit only for strong palates, for tanning, or to swell those unpleasant monuments of American waste—the garbage heaps.

Uncle Sam is doing his level best just now to teach people how to secure more and better eggs, and how to properly pack, grade and handle them. The first task is undertaken through the bureau of antitrust industry, the second through demonstration cars sent into the vast corn belt. Uncle Sam has decided that cold and cleanliness are the best means to preserve eggs. Likewise he is putting in a boost for the little gray hen. He says: "Use her right, feed her right, and she will repay."

KNOWLAND COMING HOME

WASHINGTON, April 4.—Representative Joseph R. Knowland will leave for California next Monday for a visit of several days. He will first go to Los Angeles, where he has accepted an invitation to deliver an address at the harbor celebration at Wilmington on April 11.

REVOLT FOLLOWS NAMING OF DANIELS

His Confirmation as Interstate Commerce Commissioner is Called an Outrage

OPPOSITION BASED ON HIS RAILROAD OPINIONS

La Follette Leads Movement to Have Open Door Sessions on Confirmations

WASHINGTON, April 4.—"An outrage," was Senator Kenyon's characterization of the forced confirmation by the Senate today of Winthrop M. Daniels as a member of the Interstate Commerce Commission. He said: "But it accomplished one good thing. Secret sessions in the Senate received a death blow. Never again will appointments be made without the full knowledge of everyone concerned that what is said on the floor will go out to the entire country."

Jones of Washington said: "If such men as Daniels are named on commissions, I fear the people will conclude that a strong influence has been brought to bear on the pending race cases. Public confidence in the Interstate Commerce Commission will be broken down."

The opposition to Daniels is based on his decisions as a member of the New Jersey Public Commission, which indicated that Daniels believes corporations are entitled to dividends as going concerns. In addition to dividends based on actual physical valuations.

LA FOLLETTE LED REVOLT AGAINST WINTHROP DANIELS

Members of the Senate, headed by Senator La Follette, openly revolted against proceedings behind closed doors last night after the executive session in which the Senate by a vote of 26 to 27 confirmed the nomination of Winthrop M. Daniels of New Jersey to be a member of the Interstate Commerce Commission.

Senator La Follette asserted that he proposed to defy the rules of the Senate in the future and discuss publicly legislation not affecting foreign relations, and later it was announced that Senators Bristol, Cummins, Clapp, Kenyon, Norris, Jones and Crounse, Republicans, and Poindestler, Progressive, would maintain the same attitude.

Confirmation of Commissioner Daniels closed a three-day fight, marked by one of the bitterest debates heard at the Capitol in years. Daniels' advocates had the support of President Wilson's well-known desire that his appointee and personal friend be confirmed without delay.

POMONA SPEEDWAY OPENED YESTERDAY

Thrilling Battle of Clouds Was Part of Event Witnessed by 5000 People

LOS ANGELES, April 4.—Five thousand persons attended the celebration of ground-breaking for the Pomona new speedway yesterday afternoon. The site of what Pomona means should be one of the fastest automobile courses in the world was auspiciously dedicated without aid or the automobile, except as means of conveyance.

Ground was broken by two California gang-plows pulled by a big Pomona-made tractor engine.

Glenn Martin's tractor aeroplanes broke ground also by dropping bombs from the heights during the "Battle of the Clouds."

Company D, of the Seventh Regiment, of Pomona, under command of Captain Homer Duffy, with the Seventh Regiment Band, paraded and maneuvered and later divided into attacking and defending forces, and fought for possession of a solid-looking pasteboard fort.

Later Tiny Broadwick, parachute jumper, and daughter of a famous jumper, stepped off into space from Glenn Martin's big tractor, 1200 feet directly above the grand stand, wearing the Martin lifevest as she floated to earth as light as a thistle-down.

"GEN." KELLEY IN JAIL

SACRAMENTO, April 4.—"General" Charles Kelley, the leader of the unemployed army which was broken up here, was given six months in the county jail today. In passing sentence Judge Clarkson said: "I have sympathy for you. You are a brainy man. You should be one of a committee of five from this and all other states to tell Congress about labor conditions. Congress won't listen to armies."

PERTINENT PROGRAM PROMISED FOR OPENING OF REGISTER'S COOKING SCHOOL

Miss Peet Will Discuss Scientific Principles of Housekeeping

TO GIVE 6 LECTURE-DEMONSTRATIONS

Will Make Doughnuts Monday Afternoon and Monday Night

On Monday Miss Peet Will Prepare and Serve the Following Menu:
DOUGHNUTS
ORANGE STICKS
CINNAMON CAKES
BANANA COMPOTE

Six lecture-demonstrations have been arranged for the Register's Cooking School to open in Elks Hall Monday afternoon and continue for five days. There will be an extra evening session at 7:30.

Elks Hall is a comfortable auditorium, with plenty of seats so arranged that all Miss Peet says can be easily heard by everyone, and her cooking operations can be seen without difficulty. It is anticipated that the Register's Cooking School will be the most pleasant social event of the season. All classes of housewives and cooks are expected to attend and are sure to meet all of their friends there.

The stage in Elks Hall has been transformed into a large, pleasant kitchen, equipped with every up-to-date, modern convenience which lightens the housekeeper's burdens and renders her service more efficient. Miss Peet believes in good tools for the cook. In fact she says to prepare the best foods, in the best manner and in the shortest time, a woman must have proper and convenient kitchen furnishings and cookery utensils.

There is a dandy gas stove ready for Miss Peet to light. A kitchen cabinet has been filled with various spoons, pans, kettles, measuring cups and all the other utensils necessary for preparing fruits and vegetables and meats, mixing salads, kneading dough and making cakes. There are other compartments, too, which Miss Peet will fill with flour and sugar, salt and pepper and savory spices. There is a big refrigerator all ready for ice and for butter and milk and other good things. A fireless cooker awaits Miss Peet's magic touch to produce wonderfully appetizing dishes. Work tables and serving tables stand ready for use by Miss Peet and her assistants.

Keen interest is being manifested by Santa Ana women, in the proposed cooking school, and everything points to a most auspicious opening on Monday.

Men Welcome
At Wednesday night's session, men will be welcome. They will enjoy Miss Peet's lecture but perhaps they will get greater pleasure out of the delicious foods she will prepare and serve to her audience.

At the Wednesday night meeting, Miss Peet is to bake ice-cream. This seemingly impossible feat is really accomplished most easily by a method known to Miss Peet which she promises to divulge to Santa Ana housekeepers. When they have tasted the delicious concoction Miss Peet produces by this method, they will be most eager to learn how she does it. Miss Peet is going to give particular attention to frying, which she says is a much abused and often misunderstood method of cooking.

She is also going to give some interesting lessons in cake baking and intends to make this art popular in Santa Ana. She will show how to make digestible pastry and suggest many kinds of pies.

Musical Program

Cavatina (J. Roff, Op. 85, No. 3)—Violin solo, orchestra accompaniment.

HOME RULE FOES IN MONSTER MEETING

LONDON, April 4.—With trade unionists and militant suffragettes making simultaneous counter demonstrations, the opponents of Home rule gathered to the number of 100,000 today in Hyde Park, protesting against the forcing of a Dublin parliament upon Ulster. On the platform were fifty speakers, including Sir Edward Carson, Lord Londonderry and Sir Charles Beresford. The meeting adopted resolutions demanding a popular vote on Home Rule.

COOKING SCHOOL IS FREE TO ALL

It seems that it is not thoroughly understood that the Register's Cooking School is FREE TO ALL. Not only is it free, but the Register will feel honored by the presence of those who may attend.

CHINK ADMITS THE MURDER TODAY

Tells Details of Killing of Mrs. Charles J. Willard of Vancouver, B. C.

VANCOUVER, B. C., April 4.—Jack Kong, a Chinese servant, confessed today that he murdered Mrs. Charles J. Willard, wife of the chief ticket agent of the Canadian Pacific. Mrs. Willard has been missing since last Wednesday. Kong was employed in the Willard home. Willard had gone to Victoria, and upon his return was unable to locate his wife. Blood stains on the carpet, the discovery of Mrs. Willard's hat and wearing apparel in the garret, with a bloody axe in the basement, indicated murder. Suspicion immediately fastened itself on the Chinese boy, but he steadfastly denied any knowledge of Mrs. Willard's disappearance. The police dug in the garden for the body. A later examination of the furnace, however, revealed a gold ring, worn by Mrs. Willard, and a quantity of charred bones. Confronted with these evidences, the Chinese made a complete confession.

IMPRESSIONISTS GET A REAL "SWAT" FROM CALIFORNIA

SACRAMENTO, April 4.—A picture entitled "Keeping the Light," and painted by Mrs. Florence Land May of Boston, who used to be a great connoisseur of Oriental rugs when she lived in San Francisco, today lies packed away in the garret of the State Library here. And thereby hangs a tale, but no picture. When Mrs. May went back to Boston in 1907, she turned from rugs to painting of the impressionistic variety.

After painting "Keeping the Light," Mrs. May presented it to the California State Library. Assistant librarians gathered around the picture and a warm argument followed as to which way it went up. They couldn't tell the top from the bottom. During the heat of the discussion, someone discovered a piece of paper pasted to the back, which read: "The painting represents a lighthouse on the New Jersey coast with the sea, and a wreck in the distance." Another argument followed then as to which was the lighthouse and which the wreck. The skyline was said to be the seashore by some and others declared it was vice versa.

"Aw, what's the matter?" said others. "It's impressionistic; hang it up any old way." So they began to hang it up and found there was no room for it. "And that," said one of the assistants, "was about as good an excuse as any for not hanging it at all."

VELASCO PUT AT BAY BY REBELS

Entrenched at San Pedro Las Colonias, Surrounded by Hernandez's Forces

VILLA HASTENS TO AID IN BREAKING VELASCO

Terror Reigns in Mexico Over Torreon's Fall—Trouble is Foreseen in Capital

CHIHUAHUA CITY, Mexico, April 4.—Surrounded by rebels, the federal force driven out of Torreon is at bay today near San Pedro Las Colonias. Its position is entrenched, according to a telegram from General Villa, but General Hernandez, commander of the rebel troops, is quoted as saying he could take the defenses by storm. As a precautionary measure, however, Villa left Torreon with a large force to insure absolutely against the escape of General Velasco.

The rebels are particularly anxious to break Velasco's army completely. General Velasco is plainly trying to reach Saltillo, and if he should succeed it would be necessary to fight him under similar circumstances to those which prevailed at Torreon.

MAYTORENA HAD TO GIVE UP \$50,000 TO REBELS

DOUGLAS, Ariz., April 4.—Forcing Governor Maytorena of Sonora to disgorge \$50,000 from his private fortune to purchase arms and ammunition for the constitutionalists, Colonel Elias Calles, the military commander of Sonora, is today supreme in that state. It is authoritatively stated that Maytorena will soon be forced to abandon the governorship.

TERROR REIGNS IN MEXICO OVER TORREON'S FALL

(By United Press Correspondent.)
MEXICO CITY, April 4.—Terror reigned in Mexico City today over the comparatively few people who know that Torreon has fallen. The news is slowly filtering through American commercial sources, and is circulating slowly. It meant, most people thought, that President Huerta would soon be making a last-ditch fight in the capital.

Huerta assumed an air of bravado, and denied Torreon's fall even to the people whom he knew were aware of the truth. The dictator is credited even by his enemies with undaunted courage. Everyone felt sure that he would rather die than surrender, and that he might even destroy the capital and then lead his soldiers in a last stand against the rebels.

LANE PROTESTS CONCEALMENT OF ALLEGED GRAFT

WASHINGTON, April 4.—An effort to prevent the exposure of alleged irregularities in the expenditures of millions of dollars annually to Indians was discovered today by Senator Lane of Oregon. When Lane received the stenographic report of the recent hearings before the senate committee he found certain criticisms had been eliminated. He said: "I call this a doctored report. This is a game with marked cards. Out West men are shot for doing such things."

SAY CARICATURES OF PRESIDENT DANGEROUS

PASADENA, April 4.—Members of the Daughters of the Revolution are considering the advisability of starting a nation-wide movement against objectionable caricatures of the president of the United States. Mrs. C. H. Alden, a prominent member of the organization, is behind the movement. She says such cartoons as are printed in papers opposing Wilson's Panama policy tend to make anarchists of foreigners coming to America.

BELIEVED SEALER IS LOST WITH CREW

ST. JOHNS, Newfoundland, April 4.—Much alarm is felt over the safety of the sealer Southern Cross and its crew of 170 men today. The owners of the sealer have dispatched two steamers to search for the missing craft. It is admitted there is strong reason to believe the ship has been lost with all on board.

NEXT WEEK TO SEE NAVELS ALL OUT

Fruit Exchange Shipments Bigger Now Than Corresponding Time Last Two Years

The Orange County Fruit Exchange expects to finish shipping navel oranges next week. More carloads of oranges and lemons have been shipped so far this year than during the corresponding time last year and year before last. Up until yesterday the Exchange had shipped out 831 cars. Last year 699 carloads had been shipped and two years ago 679 were sent out.

Valencias will begin coming in about the middle of May. The crop of this variety of orange will be excellent this year. Fruit is of good size and the absence of frosts and hot weather combined to keep the Valencia in good condition.

There are enough navels left in California to supply the demand during April and May.

March prices were not up to the usual standard this season. This was owing to the fact that there were large supplies of Florida and California oranges in the Eastern markets.

In regard to orange shipments from Riverside the Press of that city says:

"Orange shipments dropped off a little last week as compared with the week previous, but the total was 222 cars; one car of lemons was shipped. For the month of March up to Saturday night the shipments have been 839 cars; that means practically 900 cars for the month. That is a good showing for a year of a light crop. Three years ago when 5285 cars were shipped from this district, the March shipments were 1046 and the total for the season to April 1 was 2383 cars. We should pass the 2000 car mark by the middle of April."

AEROPLANES TO FLY 24 HOURS WITHOUT A STOP

PARIS, April 4.—Several aeroplane constructors are building machines to fly twenty-four hours without landing, and the attempt will be made here

within a few days, according to information given out today by a member of the National Aerial League, to stay up in the air for twenty-four hours continuously.

One attempt will be made over a circuit from Etampes to Cercottes. Lights of from 1,000 to 1,700 candle power will be erected at intervals along the route to serve as beacon guide posts to the aviators. Maurice Farman, the biplane constructor, is continuing his night flying practice. As a dozen or more aviators are seeking the honor of being the first to make a twenty-four-hour non-stop flight, a veritable race is expected to ensue the first night of the promised flights.

GEORGIA-TENNESSEE FIGHT ON NEXT MONDAY

WASHINGTON, April 4.—Final arguments will be made Monday in the supreme court, before the full bench, in the litigation between Georgia and Tennessee over operation of the "Ducktown" and other copper smelters across the Georgia line in Tennessee. The high court will be asked to frame a final decree to limit operation of the smelters, whose copper fumes, Georgia farmers allege, spread ruin to crops for miles around. The technical form of the decree is at issue.

SKELETON OF MAN 10 FEET HIGH FOUND IN IRELAND

LONDON, April 4.—According to a dispatch published here yesterday, the skeleton of a person who had been apparently ten feet in height, has been found at Dysart, County Louth, Ireland. The skeleton was unearthed together with that of two others supposed to have been buried in prehistoric times.

WHITE SLAVE TRIAL TODAY

MOBILE, Ala., April 4.—Trial of Joel M. Foster, millionaire poultryman of Browns Mills, N. J., for alleged white slavery for living with 18-year-old Delilah Bradley at the fashionable Cawthon Hotel here, was scheduled to begin today. The case had been postponed from February 19 because Foster had been confined in the New York Post-Graduate Medical School after an operation.

FILIPINO KILLED AT FULLERTON BY A MOTOR TRUCK

Fatal Accident Occurred Yesterday Morning, Anaheim Man Driving Truck

Mariano Macatangay, a Filipino, was killed yesterday morning at Fullerton by a heavily loaded lumber truck driven by William Hansard of Anaheim.

The accident occurred at 10:30, on the corner of Chapman avenue and Spadra street. Hansard was driving his truck north on Spadra, bound for the oil fields. Macatangay, riding a bicycle, was going west on Chapman, on the wrong side of the street. The Filipino turned south to go into Fullerton, ran into the truck and was so badly crushed by its wheels that he died a half hour later at the hospital. No blame is attached to Hansard. He was driving his truck not faster than five miles an hour. When he saw that Macatangay was on the wrong side of the street and trying to turn Hansard swerved to one side as much as possible, but the truck was too heavily laden to be turned quickly.

The Filipino had no relatives in this country. He was 25 years of age and had been in Fullerton three months. He was employed by the Benchley Fruit Company. Coroner Winbigler has written to the man's brother in the Philippine Islands.

DRIED FRUIT MAN TO ADDRESS LOCAL APRICOT GROWERS

Mr. J. W. Jeffrey, formerly state horticultural commissioner, but now secretary of the California Cured Fruit Exchange, expects to be in Santa Ana on Saturday, April 11. He will be present at the annual meeting of the Orange County Dried Fruit Association, which will be held in the afternoon beginning at 2 o'clock. At 3 o'clock Mr. Jeffrey will address the apricot growers, and tell them of the organization, progress, management and success of the Exchange, which now has 22 associations affiliated with it. The large Ventura association is taking steps to join.

This meeting will be open to all apricot growers, who are cordially invited to come and learn what the exchange has done in its first year of existence for the dried fruit producers of California, and what it proposes to do. The grower who believes in co-operative marketing at all should certainly come and learn what Mr. Jeffrey has to say about it. And let the grower who does not believe in it, come and find out how he stands in his own light.

Remember that this meeting at 3 o'clock is for all apricot growers, tree of cane. We want to see and make welcome all members, former members and all growers who expect to have dried apricots, peaches, plums or any other dried fruits to sell.

The meeting will be at the city hall.

SAGE TEA PUTS LIFE AND COLOR IN HAIR

Don't Stay Gray! It Darkens So Naturally That Nobody Can Tell

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Hair Remedy" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.—Advertisement.

For several years past there has been a building fever among get-rich-quick speculators, and by means of a "ring" rents have been forced up by them nearly thirty per cent, despite the fact that the supply of houses is greater than the demand. Tenants in old houses and flats have their rents increased and at the same time are offered slightly cheaper accommodations in new buildings for a year only. Then the rent is raised as much as thirty per cent, the family generally staying on.

SANTA ANA TO ANAHEIM BY PAVED ROADS

Direct Travel, via West Chapman Street Bridge, Resumed Yesterday

Direct travel to Anaheim, via the West Chapman street bridge, was resumed yesterday afternoon.

Santa Ana and the Mother Colony are now connected by a boulevard for the entire distance. Main end Chapman streets are joined together by a curve. This does away with the sharp corner which existed at that point before the roads were paved.

The oil-and-screens surface has not been put on top of the concrete base. It is the intention of the State Highway Commission to allow the base to be worn down for some time, and later, possibly this summer, the surface will be applied.

CALIFORNIA HAS NEW COMMANDMENTS

OAKLAND, Cal., April 3.—The Rev. Frank L. Goodfellow, pastor of the First Presbyterian church of Oakland, recently distributed the following commandments among the women members of his congregation:

"Thou shalt not marry for revenue only, nor for fear of being an old maid, for it is better for thee to remain single all thy days than to make matrimony a matter of money, or to

BAD OPERATION AVOIDED

By Timely Use of Lydia E. Pinkham's Vegetable Compound.

Mrs. Sowers' Own Statement. Hodgdon, Maine.—"I feel it a duty I owe to all suffering women to tell what

Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SOWERS, Hodgdon, Maine.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound. If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

be a mere plaything.

"After marriage thou shalt not so far forget thy personal appearance as to greet thy husband clad in an old wrapper, or with hair askew, or with slippers run down at the heels, for not so was thy appearance when thy husband chose thee as his companion for life.

"Thou shalt not become a fashion plate, nor make thyself a spectacle to the gaping crowd, nor dress so as to furnish jokes for the comic papers, thus causing thy husband or thy son or thy brother to blush for thee, for it is better for thee to be out of vogue than vulgar.

"Thou shalt not leave thy children to the tender mercies of thy neighbors, or to run wild on the streets, even to attend the missionary meeting, or to make California dry.

"Thou shalt not be jealous of thy neighbor if she rides in a limousine while thou art compelled to use the trolley car, for it is better to ride on a trolley car than in an automobile with a mortgage on thy home, and many women who ride on the trolley car are happy, wise and respectable.

"Thou shalt not make thy home a place of complaining and faultfinding, lest thy husband acquire the habit of thinking that every evening is lodge night, and thy sons and daughters linger longer away from home, and thy friends fail to return thy social calls, and thy advertisements for help be in the papers continually.

"Thou shalt not forget thy Bible and thy God, and thy attendance at worship shall not be a matter of thermometer or barometer, for such Christians are poor mothers, while they who serve the Lord are blessed even to a thousand generations.

"Thou shalt not aspire to be a man or other than a noble woman, for 'male and female He created them,' and when He made the ideal woman He stopped because he had reached the summit of creation for the reason that even Omnipotence could do no better."

DAMAGE DONE AT HIGH SCHOOL, CLASS ROASTS ITS VANDALS

Thursday night the poly high school was broken into. Two skylights were broken and the numerals of the sophomore class were painted in bright red upon the columns of the entrance. The class is strongly opposed to such actions and expressed its opinion of the action by the following resolution, which was passed unanimously by the class:

"Be it hereby resolved, That we, the members of the sophomore class of the Santa Ana Polytechnic High School do not wish to be considered as being favorable to such acts of rowdism and ungentlemanly conduct as were perpetrated on the night of April 2nd.

"Furthermore be it resolved, that such person or persons participating in such uncalculated and undue acts of vandalism and rowdism, are not to be considered as members in spirit, of the sophomore class, unless they conform to the dictation of the board of control.

"Be it further resolved, that the proper officers make strenuous efforts to ascertain the guilty parties and that such person or persons if found guilty of such actions shall be compelled to make restitution thereof.

"Be it furthermore resolved, that such person or persons do not exhibit school spirit, good breeding, common sense, decency or respect to the members of the student body or to the taxpayers of Santa Ana, and lastly the sophomore class consider that the only right, proper and gentlemanly thing to do is to confess and endeavor to make right as far as possible all damage done."

MAGNOLIA TIES IN SCHOOL ELECTION

Elections of school trustees in all school districts of the county except Santa Ana were held yesterday. Following are the names of some of those elected:

Orange, W. B. Dennis; Orange Union High School, D. P. Crawford; Fullerton, H. W. Schultz; Fullerton Union High School, W. J. Trevers; Garden Grove, Charles Swall; Huntington Beach, W. L. McKenney; La Habra, Allen Craig; Tustin, I. L. Marchant; Westminster, Charles Parr; Delhi, A. Jillison.

The foregoing returns are the only ones available up to the hour of going to press.

A fight is on over the results of the election in the Magnolia school district. Four candidates were up for election, two for a one-year term and two for a two-year term. The election judges counted the votes and the returns were to the effect that a tie vote had been cast. Opposing factions assert that the ballots were incorrectly counted, hence no certificate of election is available.

EAST NEWPORT NEWS BUDGET

EAST NEWPORT, April 4.—Mr. and Mrs. W. Lionel Roberts entertained a few friends Tuesday evening, with a dinner party in honor of Mrs. Roberts' birthday. Following the elaborate dinner, the evening was spent in dancing. Dr. and Mrs. J. C. Solomon of Los Angeles, were the out of town guests for the evening.

Mr. and Mrs. L. Peake returned Thursday from Los Angeles, where they have been spending several months, and they will occupy their home on Bay Island.

I. C. Baxter and family, of Upland, arrived Tuesday, and will occupy their home on Buena Vista Boulevard for a short time.

H. L. Miller was here from Riverside on business for a couple of days this week, and while here was the guest of Mrs. E. Wilson.

Mr. and Mrs. R. Glover, of New York, were entertained by Edward H. Bramwell over the past week-end. Dr. and Mrs. Albert Solland entertained Mrs. Katherine Caldwell and Miss Judith Nelson of Los Angeles, over the week-end, in their cottage on Island avenue.

Wm. M. White and family have recently moved from Santa Ana to East Newport, and have taken the Rust cottage on Coronado avenue. Mr. White is assistant cashier of the State Bank of Newport.

P. T. Evans and family motored from Riverside Friday afternoon and will occupy their home on Surf avenue during the Easter holidays.

G. L. McFarland, a leading attorney of Riverside, was here on business the first of the week.

Mr. and Mrs. F. O. Engstrom and H. W. Bryson and family are occupying their new home on Buena Vista boulevard, for a stay of ten days or two weeks.

Miss Doris Abbott came from Riverside Friday to spend several days with her grandmother, Mrs. A. K. Johnson, who is occupying the Abbott cottage on Surf avenue for some time.

Mr. and Mrs. J. J. Prendergast have returned to their home in Redlands, after spending two weeks in the Lyman King cottage on Bay avenue.

TALBERT REVIVAL SERVICES TO END TOMORROW

TALBERT, April 4.—Every night this week at 7:45 o'clock, a series of revival services has been held at the local church by four young men who are members of the Fishermen's Club of Los Angeles. The services close Sunday night. The leaders will have charge of the services at 8 o'clock.

The Newbert Protection District directors had their regular monthly meeting at Santa Ana last Saturday. Matters of interest were discussed.

Mrs. W. D. Lamb has been on the sick list this week. She is much better now. Mrs. U. G. Burns of Bolsa has also been sick, and was carried to a private sanitarium at Garden Grove, but she is able to be at home now.

A. Martel has recently made some improvements in his meat market. He has put in a new refrigerator and put an additional room to the building.

Claude Swift, with his friend, Long Moore, of the University of Southern California, are spending the week-end with the former's parents, Mr. and Mrs. A. P. Swift.

MAHOMET'S MOUNTAIN

At the great Panama-Pacific International Exposition, San Francisco, 1915, Mahomet's Mountain will be the supreme Amusement attraction.

At any moment we expect a permit to begin building; our plans have been accepted and the bonds are being prepared.

There remains but a limited amount of treasury stock to sell. The moment building begins it will be all eagerly snapped up.

Now is the time to purchase. One good investment like this is worth a lifetime of labor.

Most of the profits of this wonderful money-making production should come to Orange County. Get in with your neighbors and share the harvest.

Our large financial family—nearly 800—expects to divide profits of 10 to 1, including Moving Picture returns, souvenir sales and other sources of income.

LOS ANGELES PRODUCE MARKET

Dealers in berries are having a hard time to make the Japanese packers understand that twelve ounces means twelve ounces, and the result has been considerable repacking, not only by jobbers, but particularly by the retail grocers and any one selling to the consumers. The market on berries has been active ever since the first fruit of this kind arrived. Daily shipments north are on the increase and will continue good for another two weeks, when the berry season will begin throughout the central part of the state and well up toward the Oregon line. Quotation on berries was 5 to 7 cents, according to quality. There was a good demand for loquats and all fair stock sold at 10 cents. This fruit is mostly grown around Santa Ana, Orange and Anaheim.

The heavy demand for fresh eggs forced an advance of 1 cent on the quotation of case-count stock, making the price 22 cents.

Butter was in fair call, but not spectacular by the trading.

LOS ANGELES PASADENA COVINA
NORTH WHITTIER HEIGHTS
"is the cream of"
ORANGE, LEMON, GRAPEFRUIT, WALNUT AND AVOCADO LANDS

The property is being sold in unplanted tracts of 5 acres and up, or in subdivisions of 5, 10, 15 and 20 acres set to Valencia orange, Eureka lemon, Marsh seedless grapefruit or budded walnuts of the Placentia Perfected variety, and on easy terms if desired. We will also contract to plant a few properties to some choice budded avocado trees at attractive prices and terms.

Experienced citrus growers and nurserymen are investing at North Whittier Heights, which is an assurance that it has the soil, water, and climatic conditions necessary for success.

If you are in the market for choice foothill orchard lands, which are both an ideal investment and a desirable location for a suburban home, it will pay you to see this property before buying elsewhere.

We shall be pleased to take you out by automobile to see this choice property. We know that if you once see it you will desire a portion for yourself. We will contract to care for groves for non-resident purchasers who desire to have us do so.

ADD DUTY AND COMMON SENSE

Dr. Woods Hutchinson, in an address before the Commonwealth Club in San Francisco, sarcastically made fun of the eugenics craze. He said: "There never was nor never will be a better biological excuse for marriage than love. Wisdom and learned judgment we will leave to the old folk. But when it comes to mating, the natural tendency of the young man and the young woman can be relied upon to attain the best results."

There is, of course, no disputing Dr. Hutchinson's arguments, even if anybody desired to do so, which naturally nobody does. But there is some danger in carrying even good logic too far. If love is the sufficient basis of marriage, would it not follow that it is also the sufficient basis of unmarried, divorce, and remarriage? This is, in fact, the actual argument of the so-called advanced thinkers among the modern feminists, who would undo most of the present structure of society.

If we are to establish a theory which will justify the existence of marriage, as the world has established it, we must add the conception of duty to that of love. Marriage should be founded in love, and no marriage not so founded is either right or safe. But the affections of mankind are notoriously fickle, especially if there is no steeper obligation than sentiment to confirm them. The world has established marriage as a stable institution and no theory of marriage founded on so fickle a thing as the sentiment of the light-hearted can justify so stable a thing as civilized marriage. Let Dr. Hutchinson and all the other theorists add duty to sentiment, and common sense to both, and they will then have established a theory which conforms to the facts. If we disestablish moral obligation we shall soon find ourselves disestablishing almost everything else which holds society together.—Fresno Republican.

ANOTHER "WHITE HOPE" IS GONE

Another Republican "white hope" for governor has been eliminated. Judge Rives of Los Angeles thanks his friends for their support of him for the nomination, but desires to state that he finds that the law does not permit him to become a candidate for any office except a judicial one during his term as judge. It seems quite possible that Judge Rives was somewhat accelerated in reaching this conclusion by a discovery of the steadily growing strength of Governor Johnson.

Judge Bordwell of Los Angeles has also shied off from the governorship contest and it is now expected that he will run for supreme justice. Judge McCormick has also been suggested as an available man for governor, but he is hardly likely to resign from the bench in order to render himself eligible.

The latest report from the north regarding Republican candidates is that J. O. Hayes, Abe Ruef's candidate for governor at the Santa Cruz convention, and Francis V. Keesling, who ran against Wallace for lieutenant governor four years ago, are being groomed for the race. Hayes has lots of money and Keesling has a rich brewer for father-in-law and it is thought that the necessary "where-withal" for a vigorous campaign could be provided by either of them.

It is early in the season yet and lots more gubernatorial booms may be sprouted and wilted by the summer sun before the August primary comes.—Riverside Press.

THEY SUE BIRCH FOR A MILLION

(CONTINUED FROM PAGE ONE)

It was worth, and Birch and the Bakersfield man could then carry out their plans.

Edwards and other stockholders then made inquiry of Birch and Good and were informed as above stated. They also went to the Brea property, and Good and other employees, dominated by Birch, concealed the facts concerning No. 5, and prevented them from learning the truth.

Birch and other stockholders were in moderate financial circumstances, having known Birch in social, religious and fraternal circles, the minority stockholders had faith in his integrity. For that reason they had confidence in what he told them, and Edwards was persuaded to sell his stock for \$2 a share.

As a matter of fact, the stock was then worth \$50 a share, by reason of the added value of No. 5. Yet Edwards could not know the real value of the stock because of fraudulent concealment and misrepresentation of Birch and Good, who knew the real

row night will be: "The Resurrection of the Body." Was Victor Hugo right when he said: "The tomb is not a blind alley. It is a thoroughfare. It closes in the twilight to open in the dawn?" Does Christ's resurrection carry every other resurrection with it? These questions will be discussed. If not attending elsewhere, you are invited.

value of the stock and conspiring together misled and defrauded the plaintiff, who by their misrepresentations was persuaded to sell his stock for a grossly unfair and inadequate consideration.

No Bakersfield Man

In truth Birch had no arrangement with any Bakersfield oil operator, but represented that there was such a man in the deal in order to prevent the minority stockholders from knowing that he was buying for himself, fearing that if they knew he was buying for himself that they would make a more careful investigation, knowing that they had faith and confidence in him and in what he said.
Edwards was persuaded to place his stock in escrow, endorsed in blank, and Birch deposited the payment of \$2 per share and caused the stock to be transferred to himself, which fact was unknown to Edwards until a long time afterward.

Quoting the complaint: "That immediately after having, by said false and fraudulent representations and acts, procured said stock from this plaintiff and from said other minority stockholders, for the said grossly unfair and inadequate con-

sideration, the said defendants brought in and opened said Well No. 5 for production, and for the first time disclosed the fact of the great value of the said well No. 5 and of the great added value thereby to the property of the said Menges Oil Company; and thereupon and immediately said well commenced to produce more than 2600 barrels of oil per day of 28 gravity oil of more than \$1.25 in value per barrel, and of gas to the value of not less than \$500 per day; and ever since said time the said well has been producing oil and gas in said quantities and of said value."

The minority stockholders then made inquiry to see if Birch had known of the prospects before he got the stock, and at that time were persuaded that the bringing in of the great well was unexpected and unforeseen by Birch and Good.

Within the last year, the minority stockholders have acquired knowledge of the fact that the true condition and value of No. 5 was fully known to Birch and Good before the minority stock was sold.

To prevent Edwards and others from recovering their stock, caused the Menges Oil Co. to transfer all of the property to the Birch Oil Co., and on Aug. 19, 1911, caused the Menges Oil Co. to be dissolved. The Birch Oil Co. is a co-partnership composed of Birch and his family and relatives. Edwards transferred his stock on April 15, 1911. By reason of selling the stock for \$2 a share when it was worth \$50, Edwards has been damaged \$50,000 for which judgment is asked.

113 TRAINS ANNULLED BY PENNSYLVANIA LINE

PHILADELPHIA, April 4.—In pursuance of the retrenchment plans made public last week, the Pennsylvania Railroad has annulled 113 passenger trains on the lines east of Pittsburgh and Erie and a large number on the western lines. The financial saving on the eastern lines, it is estimated, will run close to \$2,000,000 per year, should the curtailment be in force that long.

NEW ARIZONA PRODUCER SHIPS RICH COPPER ORE

Important information relative to stock of the London & Arizona Consolidated Company is being sent out in a circular letter by the well known brokerage firm of J. C. Wilson & Company, of San Francisco, fiscal agents for the property.

The second allotment of treasury stock is offered for public subscription, open until April 20th. Regular shipments from the London & Arizona Consolidated are being made to the American Smelting and Refining Company's smelter at Hayden and the mine should develop into one of Arizona's biggest producers. J. C. Wilson & Company base their faith in the permanent success of the property upon the following reasons as set forth in the circular:

An adequate acreage, cheap labor and supplies, abundant water resources, nearness to railroad and smelter, competent engineers, strong treasury, efficient management, self-fluxing ore, identical formation with other big Arizona producing districts and the presence of gold, silver and lead in the ore. The last car of ore that was smelted contained 31.47 tons gross and the returns showed the following values: copper 9.97 per cent, silver 4.2 ounces, gold 60c per ton. The net smelter returns on this car amounted to \$472.83, or practically \$15.00 per ton, which is extremely high for copper ore. Other shipments are now in transit.—Advertisement.

RIVERSIDE MAN IDENTIFIES LOOT

J. D. Funk, whose house at Riverside was burglarized last Saturday afternoon, today identified the \$450 worth of stolen jewelry found in the possession of C. R. White and Mabel White, arrested by City Marshal Jernigan and Officer Lacy yesterday morning.

Mr. Funk, who came here from Riverside in company with a deputy sheriff, also positively identified an expensive dress, which the woman wore, as having been stolen from his house. Funk came down town, purchased a cheap cotton dress and went back to the jail with it. The woman exchanged her borrowed dress for the cotton one.

The Riverside deputy took the pair in tow and left for home, as did also Mr. Funk. Incidentally, before leaving town, the latter left \$50 as a reward for City Marshal Jernigan and Officer Lacy.

HALT MAY BE CALLED IN BIG BASEBALL WAR

HOT SPRINGS, Ark., April 4.—Chancellor Henderson today issued a permanent injunction restraining Howard Camnitz, a Federal Baseball League scout, from negotiating with baseball players under contract with the Pittsburgh National Club. This ruling may have an important bearing on the baseball war. An appeal is expected.

Chancellor Henderson said the contracts are not null and void because they allowed the club to discharge a player with only ten days notice, but did not allow the player to quit the club. This is regarded by Camnitz as a point in favor of the Federal League. The injunction prevents Camnitz conversing with any Pittsburgh players.

FRED'K WEYERHAEUSER DIED TODAY AT PASADENA

PASADENA, April 4.—Frederick Weyerhaeuser, the "lumber king," said to be wealthier than John D. Rockefeller, died at his winter home here at 8:30 o'clock this morning. Weyerhaeuser has been at the point of death here for nearly two weeks and his strength finally failed. His death was due to pneumonia.

SALTS IF BACKACHE AND KIDNEYS HURT

Stop Eating Meat for a While if Your Bladder is Troubling You

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and sluggish. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water seals and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.—Advertisement.

RAISED LOCAL SCENERY

Distinguished Club Woman and Friends at F. G. Taylor Home
Laud Orange County

Mr. and Mrs. F. G. Taylor of 1663 Fourth street have had as their guests this week Mrs. H. D. Bentley, Mrs. E. G. Dana and Mrs. F. Serfass of Freeport, Ill. Mrs. Bentley is one of the leading club women of her state, being not only a president of the Illinois Federation of Women's Clubs, but for six years past has been the president of Freeport Woman's Club. She is a member of the hospitality committee for the Biennial to be held in Chicago next June.

In addition to being an active club woman, Mrs. Bentley is a member of State Central Committee of the Progressive party of Illinois. She has been spending the winter at the Pasadena home of her mother, Mrs. M. J. Taylor.

On Thursday Mr. and Mrs. Taylor entertained their guests with a luncheon in the gold room at the hotel, the table being centered with a basket of pink roses and asparagus. The favors were also pink and the five course luncheon was charmingly appointed. Covers were laid for eight, including Mr. and Mrs. Taylor, Mrs. Bentley, Mrs. Dana, Mrs. Serfass, Mr. and Mrs. H. D. Bentley of Freeport, Ill., and Mr. and Mrs. Zapt of Orange. The Galatians are visiting the Zaphs, Mrs. Taylor being their daughter. Their guests motored to San Juan Capistrano and San Juan-by-the-Sea, going over the sky-line trip and beautiful Lemon Heights and into the Trabuco canyon. The visits were most enthusiastic over the scenic features of the trip. Mrs. Bentley, who has toured in many parts of the world, including Japan, Hawaii and the Philippines, declared the scenery here to be the most beautiful she had ever seen.

A "FAD" PARTY

Mrs. and Miss French Entertained With Clever Affair at Ninth Street Home

Mrs. C. E. French and her daughter, Miss Ethel French, were hostesses yesterday afternoon at their East Ninth street home, the social function over which they presided being one of the most interesting of the season. Each of the attending ladies, in response to a request in the invitations, wore something significant of her own particular fad. The result literally kept everybody "guessing," which was exactly what the hostesses desired. Typical of the method of designating one's fad are the following instances, selected from a score of clever hints: Old shoes and other ancient articles worn by Mrs. J. S. Rice suggested her fad of "antiques"; a workbag and a crochet piece with which she constantly busied herself told of what Mrs. W. E. Winslow said was her fad, that of being a "busy-body," a characterization which no one else credits to this lovable lady. A pretty house cap and dainty dressingsack told of Mrs. J. P. Baumgartner's favorite occupation, "house-keeping"; the wearing of a photograph of her four interesting youngsters revealed Mrs. A. J. Crookshank's fad, her children. In the list of "guesses" submitted at the close of the game given, Mrs. Winslow's proved the nearest correct and she was awarded a cunning Kewpie.

The ladies were further entertained with a humorous reading, "Sally Ann," by Mrs. Louise Scarborough; the singing in a charming way of three Scotch songs by Mrs. Rice; and the pleasing rendition on request of "Just a Wearyin' in for You" by Mrs. Theo. Winbigler. Mrs. Winbigler sang "Fool-Leafed Clover" in response to an encore.

A daintily appointed five o'clock tea served in three courses was an agreeable closing to the delightful afternoon. A pink color scheme was carried out with exquisite roses, ferns being used as a contrasting tint. Roses and ferns were used not only in the table decorations, but in the reception hall and parlors. Nasturtiums glowed in the library where small tables were set in addition to the larger dining table.

Those who participated in the hospitality of Mrs. and Miss French were Mesdames L. J. Carden, Fred Case, A. J. Crookshank, J. E. Gowen, C. S. Kendall, Young, C. E. Lamme, Theo. Winbigler, W. E. Winslow, J. S. Rice, Louise Scarborough, E. M. Nealey, E. B. Roberts, H. J. Porgy, E. B. Smith, E. B. Burns, J. P. Baumgartner, Misses Dresser and Waugh.

County P. T. Federation
There will be an all day meeting of the Orange County Federation of Parent Teachers Associations held at Buena Park on next Saturday, April 11, in the Buena Park school house. All the associations here are urged to have their delegates there. There will be an election of officers, and there will also be an interesting program given, which is now in preparation and will be published next week.

Farewell Surprise Party
Mr. and Mrs. Ben Kinney who will leave the last of next week for a ranch property near Eureka, Oregon, which they own, were the recipients of a genuine surprise Thursday evening when ten of their friends unexpectedly invaded their home on Second and French streets.

The visitors and the host and hostess spent the evening in playing bridge and conversation and following the diversions, delicious tea was served, taken by the guests, were served. The little farewell event will long be remembered.

Charmed With This Section
Jasper H. B. Hartgrave, a prominent physician and surgeon of Toronto, Canada, who has been touring through Southern California for some time past, spent a couple of days very pleasantly this week in Santa Ana, visiting at the home of his cousin, W. E. Watson, corner Seventeenth and Bush. He was delighted with this fair country, especially with the lovely environs of Santa Ana and the citrus growing section around Tustin. After having viewed the beautiful groves and picturesque spots in this vicinity and having been especially interested in his visit through the packing houses where he admired the careful process by which the fruit was prepared for shipment, Dr. Har-

All young people are cordially invited to attend.

Mrs. Whitson's Luncheon
One of the prettiest of the week's social events was the luncheon and needlework party given yesterday by Mrs. L. L. Whitson, at her Spurgeon street residence. With an artistic decorative effect achieved by the use of Duchess roses in the reception hall and living room, and lovely pink Cherokee roses in the dining room, the home was most inviting.

The handsomely appointed luncheon was served at 1 o'clock, with places marked for the hostess, Mrs. Will McEadden, Mrs. Earl S. Kittle, Mrs. Carl G. Strock, Mrs. Schuey of Sioux City, Iowa; Mrs. O. H. Egge, Mrs. C. M. Jordan, Mrs. F. C. Rowland, Mrs. W. F. Palmer, Mrs. E. S. Gilbert, Mrs. E. B. Burns, Mrs. A. J. Padgham and Miss Margaret Wakeham.

Part of the afternoon hours were spent with attractive needlework, over which the ladies conversed on varying topics of interest. A clever guessing game proved to be an entertaining diversion in which Mrs. E. B. Burns achieved first prize, a pretty guest towel, the consolation

AMUSEMENTS

"Iron and Steel"

The title is suggestive of the theme of this remarkable dramatization. It sets forth the peculiarities in a man possessed of the power of wealth. His whole nature takes on a tyrannical disposition towards others whom he considers his inferiors. You cannot help but recognize in his showing on Sunday, March 5, at Clune's Theater that he becomes a despot in his own sphere, and exercises his authority with an unbending steel-like supremacy. He eventually bows to fate when he is completely humiliated in the defeat of his shameful purposes.

Courting Betty's Beau

Betty's three older sisters monopolize Jack every time he comes to call on her. They prepare a marvellous dinner for him from which he flees, and meeting Betty, returns to the house with an impromptu meal tucked under his arm. They sneak into the kitchen and whee, the sisters find them, they surrender. This film will also be shown on Sunday only at Clune's.

Spring Laxative and Blood Cleanser
Push out the accumulated waste and poisons of the winter months; cleanse your stomach, liver and kidneys of all impurities. Take Dr. King's New Life Pills; nothing better for purifying the blood. Mild, non-gripping laxative. Cures constipation; makes you feel fine. Take no other. 25c, at your druggist. Bucklen's Arnica Salve for All Hurts.—Advertisement.

A Potpourri of News and Views

From the Los Angeles Financial News

Billions Are Involved

Clarence W. Barron of Boston, one of the leading financial authorities of the country, estimates that over \$5,000,000,000 capital is being assailed by Government suits pending under the Sherman anti-trust law. There are, he says, over fifty suits now pending and the list is steadily being lengthened. The sixteen principal corporations under fire represent no less than \$3,900,000,000 of capital. With the billion-dollar United States Steel Corporation on the grill, the list extends downward through American Sugar, Southern Pacific, Reading, Delaware, Lackawanna and Western, United Shoe Machinery, American Can, Lehigh Valley and a score of lesser lights. Aside from the suits mentioned above, against bodies corporate, there are a number of actions pending against certain pools, associations, boards of trade and organizations of a similar character which might be enumerated, from the "steamship pool" down to the Chicago Butter and Egg Board and the Elgin Board of Trade. Other suits, including that against the American Telephone, to force relinquishment of its \$29,000,000 Western Union stock, have only been averted through compliance with demands of the Attorney-General. The list also includes Eastman Kodak, Quaker Oats, Keystone Watch Case Company, National Cash Register, Corn Products Refining, American Thread and others.

Government Railway in Alaska

"To get first-hand information in connection with the construction of the Government's railroad in Alaska, recently authorized by Congress at a cost of \$35,000,000, Secretary Lane of the Department of the Interior, as the personal representative of President Wilson, will make an extended trip to Alaska during the coming summer," says a Washington dispatch. "Arrangements for the trip are already under way and it is expected that the Secretary will be accompanied by a commission of engineers to select the route for the proposed railroad, the members of which have not yet been announced by the President. It is probable that Secretary Lane will decide upon the route of the line while in Alaska. It is also expected that most of his time while there will be taken up with organization work, negotiations with existing railroads and the study of problems relating to the development of Alaska's resources. In the meantime, Secretary Lane is devoting considerable time to the preliminary work of building the proposed railroad."

Burglary Insurance

A question has come up in California regarding insurance of banks from loss by burglary, that is, whether the policy issued insures against loss occurring by hold-up during unusual or extra banking hours.

In various parts of the State it is the custom of many banks to open their doors on special evenings to accommodate parties who are employed in industries in the locality where the bank is situated and who pay employees on stipulated evenings after work is ceased and after the banks have closed.

The question that has arisen is, "Should the bank be held up and robbed at such a time, would it, by the terms of its burglary insurance, be covered against such loss?" It is suggested that the policy of insurance be carefully studied, then if in doubt, the company will, at the request of the banker, issue a special permit to cover the matter.

Foreign Grain Crops

The International Institute of Agriculture in Rome reports a reduction of 12 per cent in the combined wheat crop of Argentina, Australia and New Zealand from last year's crop. The estimate is for 250,133,333 bushels. Argentina's estimated area of corn which will probably be harvested is placed at 10,260,000 acres, or 8.4 per cent more than the previous year's area. Production of oats in Argentina and New Zealand is 87,500,000 bushels, or 33.1 per cent less than the previous year.

Steel Imports Decrease

Statistics made public in Washington this week disclose the fact that a decrease of almost \$1,000,000, or from \$11,077,000 to \$10,219,000, in the imports of steel into the United States during the first four months since the present tariff law went into effect, as compared with the same period of the previous year.

North Dakota Man Lucky

Los Angeles has awarded a sewer contract in which \$662,000 is involved to James Kennedy, a prominent North Dakotan, whose headquarters are in Fargo.

Spokane banks, who are acting for Mr. Kennedy, will take the entire sewer bond issue of Los Angeles, which amounts to \$700,000.

Sunset Phone Asks Franchise

The Pacific Telephone and Telegraph Company has made application to the City Council of San Diego for a thirty-year franchise, with an offer to pay 2 per cent tax on its gross increase. It is operating now under two franchises, one expiring in 1916, the other in 1926.

Dividends by Oil Companies

Amalgamated Oil Company has declared a dividend of \$1.25 per share, payable April 25; books close April 20.

The West Coast Oil Company declared a dividend of \$1.50 per share, payable April 15; books close April 10.

To Conduct Trust Business

The State Banking Department has granted a certificate to the People's Loan and Trust Company of Riverside authorizing it to conduct a trust business with an authorized capital of \$100,000.

Express Business Pays

The American Express Company will erect a 32-story building in New York, ten floors of which will be used for its own offices.

Will Meet in Louisville

The Association of Reserve City Bankers in session in Cincinnati elected Edward Serter president, endorsed the new currency law and selected Louisville as the place for holding the next convention.

Government Sues Espee

Setting forth three counts in a complaint charging that the Southern Pacific Railroad has repeatedly refused to comply with the Interstate Commerce Commission's demand to inspect its files and records, the Government has instituted suit in the United States District Court, San Francisco, demanding \$115,500 penalties. All the alleged refusals were made in July, 1913. The Southern Pacific, in reply to the charges makes the following statement:

"These refusals were made on behalf of the Southern Pacific Company upon the ground that the commission had never been authorized to make a general, wholesale examination of all the records and correspondence which might be contained in the offices of the company, especially between the officers of the company. It has been further contended by the company that the commission was only authorized by previous act to inspect files relating to memoranda by the carriers which were required to be kept by the carriers under the Interstate Commerce act. The Interstate Commerce Commission has had eighteen examiners in the office of the company for many months, and they were permitted to examine all records and files relating to such memoranda which carriers were required to keep."

All Are Boosters Here

Former Governor of Missouri, David R. Francis, who has been sojourning in Southern California for several weeks, has returned to his home in St. Louis enthusiastic over his visit. In an interview he declared that "if people in all communities would emulate the California spirit of boosting, everybody would be better off." Continuing, he said:

"California is a great State and Southern California is unexcelled as a winter resort. It has two assets of inestimable value. One is the climate and the other is the pride of its people. I never before was in a community where they were all boosters. Their contention is that Southern California has not only the best climate, but the best soil, on the globe. Not only the real estate agents and hotel men, but every merchant, every employee, every policeman and almost every soldier incessantly talks of the many good qualities of Southern California and of the brilliant prospects, and they are right. I was asked the question, 'Would the fair be a great one and a success?' I answered yes, I think the fair will be international in character and will be a success in that it will be a great benefit to San Francisco and the Pacific Coast generally."

Look for Ministerial Swindler

Bankers on the Coast have been warned to be on their guard against one G. A. Wright, who styles himself as "Rev. G. A. Wright," who has worked off forged checks on several banks. Wright clothes himself as an Episcopal clergyman, works his way into the good graces of ministers of the denomination and assists in services in the church. This done, he has the local minister identify him at a bank when he presents a draft on some Canadian bank, from which country he professes to come, and it is cashed. He leaves town on the next train. Wright is described as about 5 feet 6½ inches tall, slight in physique, gray hair, steel-gray eyes, fair complexion, aged about 51 and of a military bearing. He claims to have been associated in church work with the Dean of Pro Cathedral in Los Angeles several years since. A number of his drafts have been presented at the Royal Bank of Canada.

Sugar Company Losses

The Hutchinson Sugar Plantation Company has issued its pamphlet report for 1913, showing a net loss of \$9667 for the year. The crop was 4818 tons, while the estimate for 1914 is 5759 tons. The company has no debts of any kind, the total liabilities being represented by \$2,500,000 stock. The funds on hand December 31, 1912, amounted to \$212,959. The year's operations and the payment of \$130,000 in dividends reduced the funds on hand to \$25,563 on December 31, 1913.

Must Finance Its Line

In granting authority to the Marin County Electric Railway to construct a street railway line in Mill Valley and to sell \$67,000 in stock to finance the enterprise, the State Railroad Commission let it be known that in undertakings of this nature the selling of stock must be confined to the community that is to be benefited by the project.

Espee Losing Money

For the eight months ending February 28, 1914, the Southern Pacific Company showed a decrease in gross revenue of \$3,201,127 and a decrease in the revenue in excess of operating expenses and taxes of \$4,566,748. During the same period there was an increase in taxes of \$811,957 and an increase in total expenses and taxes of \$1,305,620.

Mortgage Company at Stockton

The Hughsan Mortgage Company of Stockton has been incorporated with a capital of \$200,000 fully paid up. The stockholders and directors are Luella R. Hughsan, Attorney P. H. Griffin and Attorney J. W. Hawkins. Mrs. Hughsan has subscribed \$199,800 of the capital stock and Attorneys Griffin and Hawkins \$100 each.

Kansas Corn Acreage

The area planted to corn in Kansas this year will be decreased approximately 3,000,000 acres, due to heavy acreage sown to wheat and oats that was formerly planted to corn.

Imperial Valley Electric Road

Articles of incorporation have been filed in San Diego by the El Centro, Imperial and Calexico Electric Railway with a capital of \$200,000. The purpose is to construct a line of road twenty miles long.

Value of Asparagus Crop

Five hundred carloads of asparagus will be shipped out of California this year. The average value per car is \$800, hence the total value of the crop will be \$400,000.

Imports Decreasing

Since the new tariff law became operative five months since, the value of imports into the United States has decreased \$28,264,341, compared with the same period in the previous year.

Standard Oil Profits

It is estimated that the net profits of the old Standard Oil Company in 1913 were \$120,000,000, compared with \$80,000,000 prior to dissolution.

"STOP, LOOK, LISTEN!"

A LAWYER received \$10,000 for suggesting those words to a railroad. That sign, "Stop, Look, Listen!" saved the road many thousands of dollars in damages. It's a good sign. It's worth \$10,000. Wise people are often warned by a similar sign on the road of extravagance. They stop in time. How about yourself? Think this over seriously. A bank account is the BEST KIND OF SECURITY at any time.

COX SUES HARPER
FOR ABOUT \$1,000
ON AN ORANGE SALE

Was Paid Thirty-five Cents
and Thinks More Should
Come His Way

Today A. N. Cox, with Clyde Bishop as attorney, brought suit against George S. Harper and the Harper Fruit Company. Cox alleges that Harper agreed to handle his oranges for forty-five cents a box, and later said he had a buyer for them at thirty-five cents a packed box additional. Cox agreed to the sale and was paid \$598.15 for 1709 boxes. Cox declares that in fact Harper received \$1600 for the fruit, and Cox asks judgment for about \$1000.

To Quiet Title

OLD ITALIAN HELMET

PARIS, April 4.—It is reported that P. A. B. Widener of Philadelphia has purchased through Arnold Seligmann, the famous Morisino helmet, one of the gems of the Sigmund Barde collection recently acquired by Seligmann. The helmet is a magnificent specimen of Italian armor, said to have been designed by Alessandro Vittoria. The price reported is \$250,000.

FLY-SWATTING CAMPAIGN

PORTLAND, Ore., April 4.—Thousands of citizens, men, women and children, have started on a ten days' fly-swattling campaign to rid Oregon of the pests. No only will the insects be swatted vigorously, but their breeding places destroyed.

Commercial clubs, women's organizations and other civic bodies along with the school children are cooperating in the war.

IF CONSTIPATED OR
BILIOUS—"CASCARETS"

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels

Get a 10-cent box.

Take a Cascaret tonight to cleanse your liver, stomach and bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, can't sleep, are bilious, nervous, upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out. Are you keeping your bowels clean with Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor oil?

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.—Advertisement.

CAMINETTI NOT TO RUN
FOR THE GOVERNORSHIP

SAN FRANCISCO, April 4.—A communication from Commissioner Immigration Caminetti to J. O. Davis, chairman of the Democratic Central Committee of the state, said Caminetti thought it his duty to remain in Washington. This is taken as an intimation that he will not be a candidate for the Democratic gubernatorial nomination.

TYPHOID FEVER
OUTBREAK AFTER
HANFORD DINNER

SACRAMENTO, April 4.—Health authorities are puzzled over a serious outbreak of typhoid fever and intestinal trouble in Hanford, where over eighty cases of fever are reported. The epidemic followed a big public dinner.

The State Board of Health has been appealed to to help out in the situation and Dr. W. H. Sawyer of Berkeley, Dr. W. W. Cross of Fresno have been ordered to Hanford to conduct an investigation.

AUTO BANDITS TRIED TO
ROB GLENDORA BANK

GLENDORA, Calif., April 4.—Four automobile bandits made an unsuccessful attempt today to loot the safe of the Glendora Bank. Two explosions were heard by the residents shortly after 2 o'clock this morning, but when people arrived on the scene the bandits had fled without gaining entrance to the vaults. A sheriff's posse is trailing the bandits.

NATION'S CAPITAL GOES
TO CHURCH TOMORROW

WASHINGTON, April 4.—The nation's capital will go to church tomorrow—that is, if it follows the invitations placed over the entire city. Civic organizations have spread the word "Go to Church" streets and corners. Carriers have carried the placards "Go to Church," truckmen have adorned their horses' blankets with similar slogans, and there's nothing to it tomorrow morning but to leave the beauty sleep behind, get out the dust-covered Bible and the Sunday-go-to-meeting clothes, and trudge down to hear what the dominie has to offer in the way of spiritual inspiration.

COXEY PLANS MARCH OF
50,000 MEN TO CAPITAL

NEW YORK, April 4.—Jacob S. Coxe, leader of the famous army which bore his name and marched on Washington in 1894, has established headquarters here. He said he would spend several days looking after plans for the mobilization of the New York wing of an army of 500,000 men which he intends to lead into the national capital some time this month.

ARE AGAIN IN THE RACE

PASADENA, April 4.—Three men who opposed each other for the Republican nomination for Congress two years ago are again in the race, but as members of three different parties. Representative Charles W. Bell seeks the Progressive nomination, Charles H. Windham the Republican and Charles H. Randall the Prohibitionist.

CATCHER KILLER'S
CASE IS ON TODAY

GRAND RAPIDS, Mich., April 4.—With the Validity Reserve clause involved, the suit instituted by the Federal League to restrain Catcher William Killifer from playing with the Philadelphia Club, opened today before Federal Judge Sessions. The Federalists allege that Killifer signed a binding contract with Chicago. Attorney Gates in his argument said: "If we win this case the major leagues will not only lose Killifer but Blanding, Kahler, Baumgardner and Williams as well. It will mean that baseball contracts are no longer valid."

PRESIDIO HOSPITAL ROBBERED

SAN FRANCISCO, April 4.—Two masked men entered the Post Exchange, a branch of the Letterman hospital at Presidio, and gagged and bound Guard Charles Bullington, then rifled the cash register of \$300 and escaped. Bullington was not found until 6 o'clock this morning, after being bound since midnight.

Strengthen Weak and Tired Women

"I was under a great strain during a relative through three months' sickness," writes Mrs. J. C. Van de Sande, of Kildland, Ill., and "Electric Bitters kept me from breaking down. I will never be without it." Do you feel tired and worn out? No appetite and feel won't digest? It isn't the spring weather. You need Electric Bitters. Start a month's treatment today; nothing better for stomach, liver and kidneys. The great spring tonic. Relief or money back. 50c and \$1.00, at your druggist.—Advertisement.

FILM COMPANIES LOSE

CLEVELAND, O., April 4.—The Mutual Film Companies of Ohio and New Jersey lost their suit to knock out the Ohio film censorship law in the federal court here yesterday. Judges Day, Killin and Warrington filed their opinion denying an injunction. If the film concerns take an appeal it will be directed to the United States Supreme Court.

IN THE JUSTICE COURT
NINETY DAYS FOR
BREAKING JAW OF
MAN WHO FIRED HIM

Harry Gould With Face in Bandage Tells Court How it Happened

When C. M. McPatrick was fired by his boss, he got even by smashing the boss' jaw with his fist. The boss had him arrested, and this morning McPatrick was sent to the county jail for ninety days.

The battery occurred at Brea, where Harry Gould is superintendent of an oil lease. Gould says he fired McPatrick because McPatrick was so absent minded that he was a dangerous employee. Once he let the tanks used with an engine run almost dry, and another time he kept on pumping into a tank after it was full, flooding some \$10,000 machinery. Gould was in court with his broken jaw done up in bandages. Gould found it quite necessary to talk slowly and let the words slide out without jarring his face.

RUSSIA EMANCIPATES
HER MARRIED WOMEN

ST. PETERSBURG, April 4.—The charter of emancipation for Russian married women fitly describes a new law to which the czar's assent has been given.

Henceforth married women separated from their husbands will enjoy full liberty of movement and be enabled to hold property even if under age. The courts will have no power to order restitution of conjugal rights.

Cruelty to children, rudeness, violence, dishonesty, immorality or disease will be sufficient cause for separation. The husband in such cases will be compelled to provide alimony.

WILL PLAY IN SOCCER GAMES

SAN FRANCISCO, April 4.—England and Australia have accepted invitations to participate in the international soccer games to be held here next year in connection with the Panama-Pacific Exposition, according to an announcement made yesterday by the exposition's athletic department.

THE OLD CROAKER.

Once, on the edge of pleasant pool,
Under the bank where 'twas dark and cool,
Where bushes over the water hung,
And rushes nodded and grasses swung;

Just where the creek flowed under the bog
There lived a grumpy and mean old frog.
Who'd sit all day in the mud and soak,
And just do nothing but croak and croak.

Till a blackbird hollered, "I say you know!"

"What is the matter there below?
Are you in trouble, or pain, or what?"

The frog sez, "Mine is a awful lot;
Nothin' but mud and dirt and slime
Fer me ter look at jest all the time;
It's a dirty world" so the ole fool speke,

Croakity, croakity, croakity, croak!"

"But yer lookin' down!" the blackbird said;

"Look at the blossoms overhead.
Look at the lovely summer skies.
Look at the bees and butterflies;
But still with a gurglin' sob and choke,

Look up, ole feller; why bless my soul!
Yer lookin' down in a mus' rat hole."

The blamed critter would only croak.

And a wise ole turtle, who boarded near

Rez to the blackbird, "Friend, see here:

Don't shed no tears over him, for he is low-down jest cause he likes ter be;

He's one of them kind er clumps that's glad

Ter be so miserable like and sad;
I'll tell yer somethin' that aint no joke

Don't waste yer sorrow on folks that croak!"

—W. S. King, Santa Ana.

The Income Tax

When I went up to file,
I looked for millionaires;
The banker in his tile,
The broker with his airs.

I had not guessed the carous
Of wealth had got around
So thoroughly and worry—
But this is what I found.

The place was full of those
Whom one had fancied poor;
They walked upon my toes,
They crowded at the door;

From 10 o'clock till 4
They clambered up the stair;
I winked at them and blinked at them
What were they doing there?

"Good friends," said I at last,
"I had not known that art,
The field of letters vast,
The music teacher's chart,
The teaching of Delsarte,"

Are such a golden store!"
And having made this speech, I laid
My forehead on the floor.

I learned a thing or two
When I went up to file.
The millionaires are few,
The gentlemen of style;

The banker with his pile—
Their line was said to view;
But those with souls instead of rolls
Are getting something, too.

PHYSICIAN DENOUNCES
FOOTBALL IN SCHOOLS

ST. LOUIS, April 4.—Football, basketball and long distance races in the common and high schools were characterized today as almost criminal by Dr. Arthur A. Knuch of the Walnut Hills High School of Cincinnati before the American Physical Education Convention.

"Public officials ought to know," he said, "that such strenuous physical exertion exhausts almost all organs and that a dilated heart is the natural result of the unreasonably prolonged tension incident to such games. Our ideal should culminate on the education of mentally and physically sound and harmoniously developed men and women whose gait, posture and bodily movements would arouse admiration."

PROBLEMS OF CIVILIZATION.

We Are Too Stupid and Narrow to Solve Them, Says Shaw.

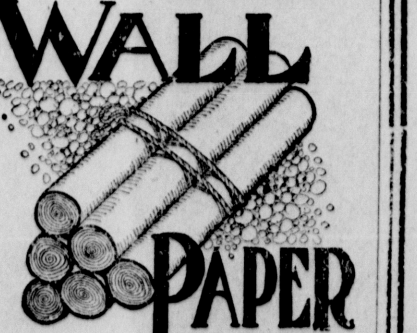

We are a stupid people, and we are a bad looking people. We are ugly, we have narrow minds and we have bad manners. A great deal of that is due to the effect of being brought up in a society of inequality. I know perfectly well what happened to myself.

I can remember one of my earliest experiences in life was my father finding me playing with a certain little boy in the street and telling me I was not to play with that little boy, giving me to understand that he was a very inferior and objectionable kind of little boy. I had not found him so. I asked my father, "Why?" He said, "His father looks a shabby." I said to my father, "Well, but you keep a mill." Therefore my father pointed out to me that he sold things wholesale and that this little boy's father sold things retail, and that consequently there was between me and that boy a gulf which could never be respectably bridged.

When you are brought up, as you inevitably are in a society like ours, with that sort of bias being continually drilled into your ears; when you are taught to be unsocial at every point and brought up to be unsocial, then any little chance that your natural endowments at your birth may have left you of being able to grapple with the enormous problems of our modern civilization—problems that demand from you the largest scope of mind, the most unhesitating magnanimity, the most sacred recognition of your spiritual and human equality with every person in the nation—is utterly destroyed. That is why I doubt whether these problems can be solved by us, brought up in that way. To solve them you need a new sort of human being.—George Bernard Shaw in the Metropolitan Magazine.

Quick Justice.

There is scarcely any crime in New Zealand, largely because they make a strenuous effort there to arrest, try, convict, hang and bury a criminal within two weeks of the commission of his crime. If this be murder, or if not a hanging offense, to get him as quickly as possible into a disagreeable prison, where he will have to work hard and fare upon bread and water.—New York World.
